

NATURAL STONE

Our company opened its doors in 2003 in Turkey carrying the vision of becoming the manufacturer and distributor of superior Natural Stones. Our philosophy is to uphold exceptional quality, service and reliability in stone and granite world.

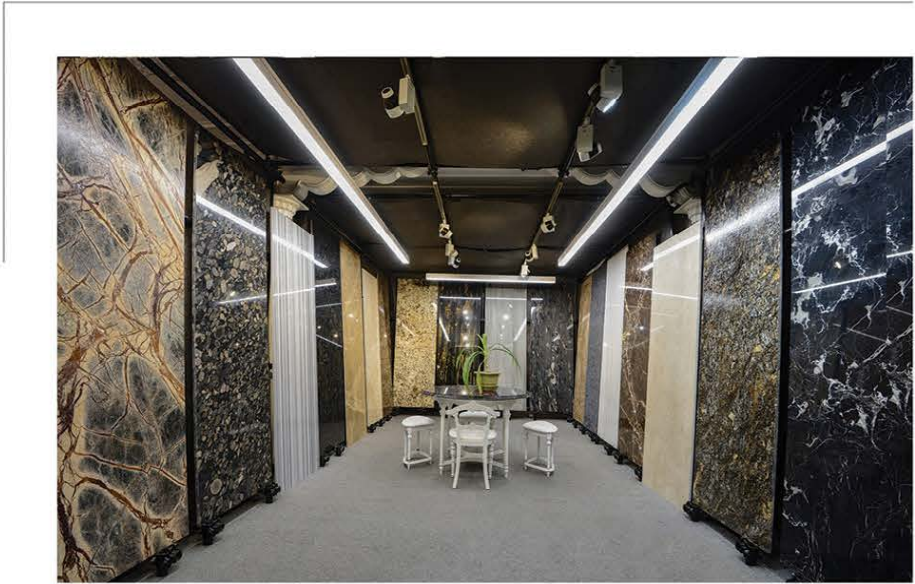

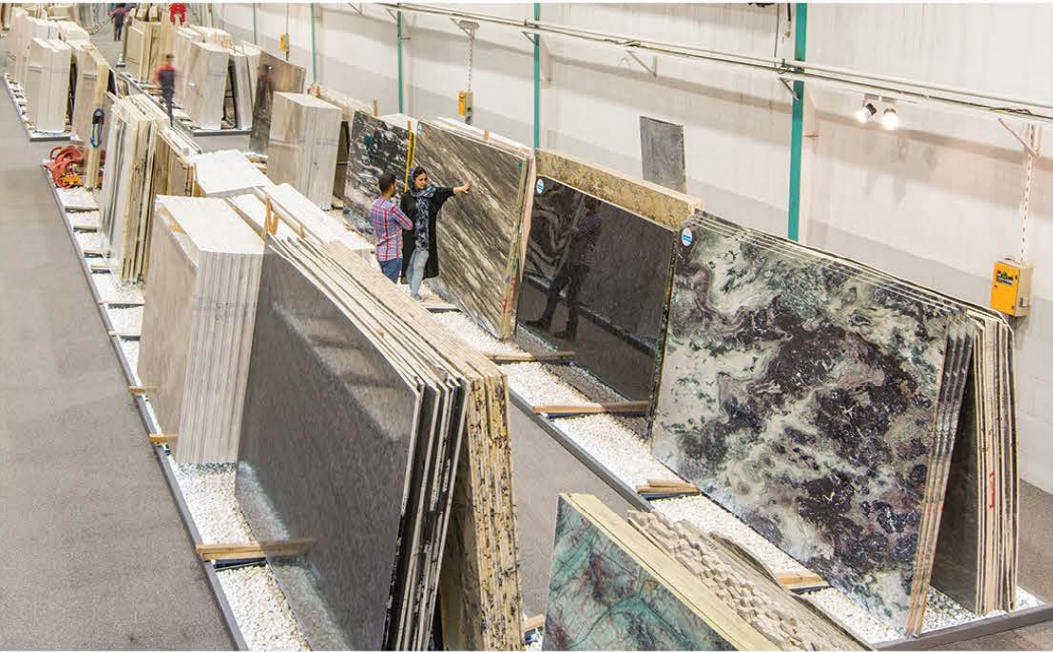

As we are the direct manufacturer from our own quarries in Turkey, the quality control starts right from the time the blocks are cut from the source to ensure premium quality. In addition, manufacturing directly from our own quarry facilitates continuous supply of stones for our clients with large projects.

Vnox Stones has been exporting Marble, Travertine, Limestone, Soapstone, Onyx and Granite, in blocks, slabs and tiles from Turkey and other world's famous brands for commercial and residential projects all over the Europe, Middle East and Asia. Our company is premier supplier to real estate developers, contractors and designers for their interior or exterior stone and marble needs.

We take pride in providing exquisite Natural Stone to the global market with an eye for quality and beauty.
